Built in 1866 the PS Adelaide is the oldest wooden hulled Paddlesteamer still operating in the world. She was used as a logging boat for 90 odd years. Leaving town in the 1950's she returned to Echuca in 1960. In 1964 she was taken from the water and rested in Hopwood Gardens until restored and refloated in 1984.

WATER ACTIVITIES ITINERARY

PS Alexander Arbuthnot

52 Murray Esplanade, Echuca

Ph: 03 5482 4248

Website: www.portofechuca.org.au

This Paddle steamer was the last built on the Murray during the riverboat trade and was used as a logging boat for some years. During WW2 she lay idle and sank at her moorings in 1947. She was raised in 1972 by a group of Shepparton volunteers and restoration began in 1989.

P.S Canberra

57 Murray Esplanade, Echuca

Ph: 03 5482 5244

Website: www.murraypaddlesteamers.com.au

Heralding the start of Echuca's riverboat tourism, the P.S Canberra was built in 1912 and fully restored in 2003. Driven by a superb 1923 wood-fired marshall compound steam engine, then Canberra offers a unique viewing area above the engine.

Ph: 03 5480 2237

Website: www.murraypaddlesteamers.com.au

The P.S Emmylou is driven by a completely restored 1906 steam engine, and built to the highest world classification standards. She was built locally during 1980-82 in the style of the 19th century paddleboats. She is 30 metres long and 10 metres wide, steel hulled and timber decked.

PS Hero

Onion Patch, Echuca

Ph: 0458 101 874

Website: www.hero.net.au

Built in 1874 in Echuca the P.S Hero worked the river trade up in the Koondrook area, later moving to Boundary Bend where in January 1957 she caught fire, was badly burnt and later sank. In 1989 the Byfords purchased what remained and eventually in 1998 raised the hull and transported her down to Echuca where she was lovingly resorted.

PS Pevensey

52 Murray Esplanade, Echuca

Ph: 03 5482 4248

Website: www.portofechuca.org.au

Capable of carrying 120 tons in giant holds, the PS Pevensey was built in 1911 and after catching fire in 1932 was rebuilt. She fell on hard times and became a floating museum. Restoration started in 1973 and she was refloated in 1976 and began carrying passengers 3 years later.
